IAPP CIPP/US Boot Camp

Infosec's two-day authorized CIPP/US boot camp provides privacy professionals with essential knowledge and understanding of important U.S. laws, regulations and enforcement models.

Course description

Our Certified Information Privacy Professional/United States (CIPP/US) boot camp is designed for privacy and compliance officers and other professionals in privacy and data protection roles with a focus on U.S. privacy laws and regulations. You will learn about cross-sector limits on the collection and use of data and about specific regulations for the medical, financial, education, telecommunications and marketing sectors.

The course also covers laws governing access to private information by law enforcement and national security agencies, issues related to workplace privacy and important state privacy laws.

Who should attend

- » Chief privacy officers (CPOs) and other senior information management professionals
- » Privacy managers, legal compliance officers and risk managers
- » Members of a privacy or compliance team
- » Individuals transitioning from non-privacy roles or who are entirely new to the privacy profession
- » Information management professionals
- » Information security professionals
- » Information auditing and IT governance professionals

Boot camp at a glance

🎓 What you'll learn

- ✓ Introduction to U.S. privacy environment

What you"ll learn

Infosec is an International Association of Privacy Professionals (IAPP) Official Training Partner. After attending our CIPP/US boot camp, you will be able to successfully pass the IAPP CIPP/US exam and will gain deep knowledge of the following key areas:

» The U.S. legal system: definitions, sources of law and the U.S. sectoral model for privacy enforcement

» U.S. federal laws for protection of personal data: FCRA and FACTA, HIPAA, GLBA and COPPA

» U.S. federal regulation of marketing practices: TSR, DNC, CAN-SPAM, TCPA and JFPA

» U.S. state data breach notification: California SB-1386 and select state laws

» Regulation of privacy in the U.S. workplace: FCRA, EPP, ADA and ECPA plus best practices for privacy and background screening, employee testing, workplace monitoring, employee investigation and termination of employment

CIPP/US certification details

The IAPP CIPP/US was launched in 2004 as the first professional certification in information privacy and remains the preeminent certification in the field of privacy. The CIPP/US credential demonstrates a strong foundation in U.S. privacy laws and regulations and understanding of the legal requirements for the responsible transfer of sensitive personal data to/from the U.S., the EU and other jurisdictions.

Industry-leading exam pass rates

Infosec's CIPP/US courseware materials are always up to date and synchronized with the latest IAPP exam objectives. Our industry-leading curriculum and expert instructors have led to the highest pass rates in the industry. More than 93% of Infosec students pass their certification exams on their first attempt.

Learn from experts

We don't just have great instructors, our instructors have years of industry experience and are recognized as experts. We've helped tens of thousands of students like you get certified and advance their careers.

What our students are saying

Incredible! I have attended classes where the instructor just read PowerPoints — our instructor added so much additional information to the class and knows the field of security inside and out! I was very pleased with his knowledge and instructional skills.

Sheree Moore
Mobile County Public Schools

I went to West Point for my bachelor's, Columbia for my master's and had multiple Army-led courses, and this ranks as one of the best, most engaging courses that I have ever had.

William Jack
Deloitte Consulting, LLC

The instructor was able to take material that prior to the class had made no sense and explained it in real-world scenarios that were able to be understood.

Erik Heiss
United States Air Force

Skill up and get certified, guaranteed

Exam Pass Guarantee

If you don't pass your exam on the first attempt, get a second attempt for free. Includes the ability to re-sit the course for free for up to one year.

100% Satisfaction Guarantee

If you're not 100% satisfied with your training at the end of the first day, you may withdraw and enroll in a different online or in-person course.

Knowledge Transfer Guarantee

If an employee leaves within three months of obtaining certification, Infosec will train a different employee for free for up to one year.
